INTERIM REPORT

For the Six Months Ended June 30, 1974

July 30, 1974

TO THE SHAREHOLDERS OF TRANSAIR LIMITED

Enclosed are comparative statements for the six-month period ended June 30th, 1974.

Gross Revenues increased by 52% from \$10,240,000 to \$15,531,000. Income before Extraordinary Item increased by 25% from \$261,000 in 1973 to \$327,000. With the reduction in the available tax loss carried forward, Net Income for the period declined from \$639,000 to \$467,000 in the current period.

We have again been awarded the Contract for the Vertical Resupply to the Distant Early Warning sites, at increased rates effective on July 1st. On July 24th we commenced scheduled operations to Resolute Bay and indications are that this service will prove successful.

While costs have increased at an alarming rate the recent fare increase, coupled with continued strict controls on expenses, should permit us to achieve our established goals.
